INTERACTIVE TOUCH MONITORS

Impressive Visuals,
Impactful Learning.

THE WORLD'S # 1 MONITOR COMPANY*

DELLTechnologies

INTERACTIVE TOUCH MONITORS

Features that teachers and students require

Keep your students engaged with a 55, 65, 75 or 86-inch touch display that is designed to make content easier to read while enabling powerful collaboration that can boost learning outcomes. Dell Interactive Touch Monitors offer a variety of features that can help students build essential skills such as teamwork, communication, creativity and critical thinking.

Collaboration

Touch displays can help students retain learning content by empowering educators to make lessons that are more interactive, engaging and collaborative. Our intuitive design takes the familiar experience of using a touch-enabled device to the big screen.

Lesson capture & sharing

Educators and students can annotate over applications or use the display as a virtual whiteboard. Annotations can then be saved and shared with students, in the classroom or remotely, in real time using the included collaboration software or other third party option.

Inclusive for all, exclusive to Dell

Exclusive Dell Screen Drop is the world's first accessibility feature that improves reachability for students working from different heights or with limited mobility.[1] Buttons at the side of the panel enable users to lower the displayed image to 3 different height setting so it's within easy reach. This feature is available on Dell 4K Interactive Touch Monitors — C5522QT, C6522QT, C7520QT, C8621QT.

COLLABORATION SOLUTIONS FOR EDUCATION

INTERACTIVE TOUCH MONITORS

All-in-one convenience

An optional Dell OptiPlex Micro PC can be inserted into the integrated PC slot on the C5522QT, C6522QT, C7520QT and C8621QT for an all-in-one solution. Having everything in one place makes it easy for educators and students to share without having to physically connect their personal devices.

Lock it down

Prevent accidental shutdown or settings changes with lock mode[1], a feature that allows IT administrators to control the menu and power options.

Wireless presentation

Students and teachers can present right from their devices using a variety of optional wireless presentation solutions from our trusted partners.

Remote learning

Whether it's creating an inclusive learning experience for remote learners or bringing field trips into the classroom, Dell makes it easy to collaborate over distance with 3rd party camera solutions that deliver a world of learning to students.

INTERACTIVE TOUCH MONITORS

Why choose Dell Interactive Touch Monitors

Discover simplicity, flexibility, and reliability

Presenting and collaborating is easy for students and educators when you equip your learning spaces with Dell. Dell Interactive Touch Monitors are available as standalone displays or they can be customized with optional hardware and software to create a total solution that meets the unique needs of your institution.

Connect

Dell Large Format Monitors are easy to setup and use, allowing you and your teams to connect quickly without disruption. They are software and hardware agnostic so you can use them with virtually any PC, OS or software.

Collaborate

Group collaboration is seamless and intuitive with our interactive touch monitors that enable up to 20 touch points. Plus, exclusive Dell Screen Drop accessibility feature improves reachability for users from different heights.

Present

See crisp, sharp text and consistent color in up to 4K resolution from virtually anywhere in the room, thanks to In-Plane Switching technology. Plus, anti-glare and anti-smudge coatings reduce distracting reflections or fingerprints to improve clarity.

Easy to deploy and manage

Dell Large Format Monitors are VESA compatible, so you can choose your mounting solution — mobile cart, stand or wall mount. And, with HDMI CEC, RJ45 and RS232 ports[1], your IT can conveniently control your monitor via the network or meeting room control systems.

1   Available on select models.

INTERACTIVE TOUCH MONITORS

Open platform

With our open platform approach, you can deploy our monitors into your learning spaces and continue to use the technology that you're comfortable with. This makes your new monitor inherently easy to deploy and use — without the need for calibration or user training.

Customization

Dell offers a variety of hardware and software solutions that complement our Interactive Touch Monitors, making it easy for you to create an all-to-end collaboration solution that meets your needs.

Support

Dell Large Format Monitors come with a 3-year Advanced Exchange Service[1] so that if a replacement becomes necessary, it will be shipped to you the next business day. Upgrade to 24x7 specialized technical phone support with Dell ProSupport option[2].

1   Advanced Exchange: Dell will send you a replacement monitor the next business day in most cases if deemed necessary after phone/online diagnosis. Shipping times may vary by location and for monitors 55" and above. Fee charged for failure to return defective unit. See dell.com/servicecontracts/global.
2   Availability varies, please visit www.dell.com/support for details. In some countries, hours for in-region support may vary. Support after local business hours may be provided in a language other than the local language.

INTERACTIVE TOUCH MONITORS

Recommended accessories

Combine Dell Interactive Touch Monitors with virtually any software or hardware to create a customized collaborative solution to fit your educational needs. Here are some examples:

CORE COMPONENTS

Dell Large
Format Monitor

Dell OptiPlex
Micro†

Dell Keyboard & Mouse

COLLABORATIVE SOFTWARE

FlatFrog

FlatFrog works just like a typical whiteboard — allowing presenters to annotate on the surface, capture annotations with differentiated pen functionality for multiple users, and erase content using their palms.

License included with C5522QT, C6522QT, C7520QT and C8621QT.

DISTANCE LEARNING

Logitech MeetUp

Logitech Rally

† Compatible with OptiPlex 7000 XE MFF, OptiPlex 7080 XE MFF.

MOUNTS AND STANDS

Chief Large Fusion Fixed Wall Display Mount | LSA1U

This robust mount with quick installation features secures heavy displays. Plumb adjustment helps to vertically align the display.

Compatible with C5522QT, C6522QT, C7520QT, and C8621QT.

Chief Fusion Table Stand | LDS1U

Organize your classroom exactly as you envisioned, without worrying about wall space, by placing your conference room monitor on a flat surface.

Compatible with C5522QT and C6522QT.

Chief Large Fusion Floor Stand | LFAUB

This height adjustable floor stand incorporates rounded edges and sleek features to give a softer, professional feel that fits well in corporate and classroom environments.

Compatible with C5522QT, C6522QT, C7520QT, and C8621QT.

Chief Large Fusion Manual Height Adjustable Mobile AV Cart | LPAUB

Take your display to wherever the lesson is taking place with an easy to move cart that is also height adjustable.

Compatible with C5522QT, C6522QT, C7520QT, and C8621QT.
